EAGLE CREEK NURSERY CO., INC.

NEW AUGUSTA, INDIANA

Nursery located at Old U. S. 52 and 82nd St., Indianapolis

Phone: AXminster 1-7660

(Area Code 317)

YEWS

that GIVE SATISFACTION

EAGLE CREEK yews are pruned twice every year and transplanted every three years. These plants are grown in open beds after they are three years old. This acclimates them to all types of adverse weather. We water regularly by irrigation in dry weather. The plants therefore have a good root system, a compact top, and are healthy and vigorous.

We could grow and sell cheaper evergreens, if we believed it was the thing to do. The facts are, it would profit neither of us. Years ago we elected to meet the demand of those purchasers who prefer an excellent product at a reasonable price. Our reputation has been built by adhering to this policy. Your inspection at the nursery is invited.

TERMS and CONDITIONS

PRICES. The prices which follow are based on present market conditions, and are subject to change without notice. Prices on plants are net, no discount. When cash accompanies order, we make no charge for boxing and packing.

TERMS. You may send 1/3 of the purchase price with your order and the balance C.O.D. Thirty days credit will be extended to firms with established credit. Boxing and packing are charged at cost except on cash orders.

DELIVERY. Prices are f.o.b. our nursery. Free delivery by our truck to all points within fifty miles of the nursery on orders of \$100.00 or more. On larger orders, especially on finished stock, further points may be reached at a nominal pre-arranged cost. Most shipments are by express. Small packages by parcel post.

GUARANTEE. We guarantee plants to be up to grade, and true to name. We make no warranty, express or implied as to the livability or growth of plants. It is expressly understood and agreed that in any case our liability shall be limited to the purchase price of the plants. Any complaints under this guarantee must be made within five days after receipt of shipment.

BUNGARTZ DIESEL TRACTORS

These tractors are the **ONLY** thing we have found to replace our mules. We invite inquiries and will correspond further to interested parties. Demonstrations can be arranged with prospective purchasers.

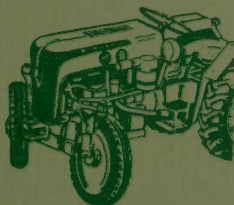

PERFECTION IN MECHANICAL PERFORMANCE THAT EATS UP WORK FASTER, EASIER, BETTER

- Amazing maneuverability with patented 90° steering lock. (69" turning radius, turns almost in its own length).
- Amazing stability on sloping terrain, thanks to such design features as a tilting angle of 65 percent.
- Amazing versatility with almost unlimited variety of attachments and tools, plus adjustable track width from 33" to 43", low design that slips under overhanging branches and other obstacles.

A FEW OF THE ADDITIONAL OUTSTANDING FEATURES OF THE BUNGARTZ

1. An unexcelled 15.8 HP, 4-stroke, air-cooled diesel engine with Bosch injector system.
2. Ten-speed transmission: crawling speed .62 miles per hour, road gear 12 miles per hour.
3. Truly smooth, built-in hydraulic system.
4. Patented quick-action coupling for changing tools without use of a single hand tool.

*Only the Bungartz can offer this
90° steering lock maneuverability.*

UNLIMITED LIST OF ATTACHMENTS INCLUDES 36" ROTARY TILLER, TWO
BOTTOM PLOW, SPRAYING PUMP, DUSTER, WATER PUMPS, DOZER BLADE, ETC.
